## Program Notes

The reference to animals in history, literature, and particularly biblical scripture has always interested me. In some cases, such wonderful creatures have been integral to significant episodes and have even become aggrandized to legendary proportion. To this end, **Flight Of Falcons** is based upon a scenario in which I envision falcons in flight: circling and surveying an aerial view of one of history's well-recorded momentous occasions, the triumphal entry of Christ into Jerusalem.

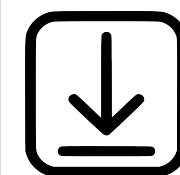

The biblical account in Matthew chapter 21 testifies: "*And the crowds that went before him and that followed him were shouting, 'Hosanna to the Son of David! Blessed is he who comes in the name of the Lord!'* " John chapter 12 records the people's exclamations foretold by the prophet Zechariah over 500 years before Christ: "*Fear not, daughter of Zion; behold your king is coming, sitting on a donkey's colt!*"

## Rehearsal Notes

The two tambourines should be of different sizes, Tambourine 1 being the smaller of the two. The preferred hand drum is a doumbek, but a darbuka or small djembe drum can also be used. The drum should project robustly.
