PROGRAM NOTE

It has been said that sunsets are proof that no matter what happens, any day can end beautifully. We are about to experience a warm sunset with the backdrop of a clear blue sky. As the sun dips slowly below the horizon, let's enjoy the last few moments of daylight together. Relax and bask in the warmth of harmonic color and melodic calm as we perform *Sunset Blue*.

NOTES TO CONDUCTOR

Please use this opportunity to work with your students to develop/reinforce playing with a relaxed, smooth sound. Encourage them to connect the notes throughout their performance of the piece.

Encourage your sections with background parts to listen and balance carefully. This will create a solid foundation to support the melody.

Measures 3-4, 30-31 and 39-40 are points of interest. Exaggerate the dynamics for maximum impact. Encourage the students to maintain their pitch center and tone quality while the dynamics change.

If you have a gong or tam available, please use that instrument for the cymbal scrapes. If not, use the largest cymbal you have in your equipment inventory.

As an option, your percussionist may wish to use multiple shakers to achieve more presence.

Use rubber mallets on the bells to produce a more subtle, warm tone.

Remember to have fun! Good luck with your performance!
